

Harrodian Bursary Programme

The Harrodian is delighted to announce the launch of the School Bursary Programme for September 2018. The purpose of the bursary is to give the gift of an extraordinary education to talented youngsters, who do not have the financial means but who would benefit enormously from studying at the Harrodian. The bursary is means tested and will be granted to a limited number of candidates, who have demonstrated financial need. Children wishing to enter at 11+ will be given the opportunity to apply.

The bursary programme will also encourage diversity, social integration and inclusion, as well as developing positive relationships through engaging with the wider local community. School fees are a major financial commitment and the hope is that a bursary can make entry to the Harrodian a reality for local children from a more diverse range of back grounds.

Eligibility

Bursaries of up to 100% off the school fees will be offered to suitable candidates, once all of the means testing documents have been processed, following a successful application at 11+ examination and interview. All financial support will be means-tested annually.

How to Apply

Attend an Open Morning

Open mornings for prospective 11+ candidates are in September and October. The admissions department can be contacted to reserve a place:
Admissions Office - tel: 020 8762 6321 / Email: admissions@harrodian.com

Complete the registration form

The fee for this is £150. The deadline for receipt of registrations is the start of November. Details of the entrance examinations are sent out, following receipt of the registration form. These are in Mathematics, English plus an online Reasoning test.

Complete the Assessment form

On completion of the reply slip and entry form, a bursary application form can be requested. This is to be returned by the end of January and will request a detailed confidential statement of financial circumstances, in support of the application.

Home Visit

This will happen following the 11+ examinations and interviews as well as the receipt of the completed application form. A home visit provides the opportunity to discuss the means testing documents in a relaxed environment, should any further assistance be required and to ensure that the application process is fully explained.

11+ Examinations

The entrance examinations will take place in early January. Potential bursary candidates who perform well in the entrance examinations will be invited for an interview.

11+ interviews will take place at the end of January

Offer of a place

If successful, the candidate will be offered a place to start in the following September.
