

HARRODIAN

Early Years Foundation Stage (EYFS) Policy

The Early Years Foundation Stage (EYFS) applies to children from birth to the end of the Reception year. At Harroddian, children join the Reception class in the year that they turn five. In partnership with parents and carers we enable the children to begin the process of becoming active learners for life. We ensure that children “learn and develop well and are kept healthy and safe” and “give children the broad range of knowledge and skills that provide the right foundation for good future progress through school and life”.

Intent

At Harroddian we aim to provide motivating first-hand experiences whilst encouraging children to build resilience, ambition and a lifelong love of learning. Our curriculum is child-centred and play-based, following the interests and fascinations of the children in the current year group.

We provide a curriculum that offers children a wide range of opportunities, broadening their experiences and encouraging them to engage in new challenges. We recognise that every child is a competent learner who can be resilient, capable, confident and self-assured. We understand that children develop in individual ways, at varying rates. Children’s attitudes and dispositions to learning are influenced by feedback from others; we use praise and encouragement, as well as celebration/sharing assemblies and rewards, to encourage children to develop a positive attitude to learning.

Implementation

At Harroddian our intent is implemented in accordance with the government’s document ‘Statutory Framework for the Early Years Foundation Stage’ (Sept. 2021). This document sets standards for the learning, development and care of children in our Reception year group.

The EYFS is based upon four overarching principles:

- Every child is a unique child, who is constantly learning and can be resilient, capable, confident, and self-assured.
- Children learn to be strong and independent through positive relationships.
- Children learn and develop well in enabling environments, with teaching and support from adults, who respond to their individual interests and needs and help them to build their learning over time.
- Children develop and learn in different ways and at different rates.

(Statutory framework for the early years foundation stage, September 2021)

- Enabling Environments -

We aim to create an attractive and stimulating learning environment where children feel confident and secure and challenged. The children have daily access to an indoor and outdoor environment that is set up in discrete areas of learning with planned continuous provision.

Effective learning builds and extends upon prior learning and following children's interest. Effective planning is informed by observations of the children to ensure we follow their current interests and experiences. These observations are recorded in the children's individual learning folders and using learning journey software. Play-based learning is paramount, and children direct their own learning from carefully planned opportunities provided by staff. Staff will enhance play and extend as needed to further individual learning.

- Learning and Development -

Teachers and teaching assistants implement the curriculum in the Reception classes of up to 24 children per class.

There are seven areas of learning and development of which three are "prime areas," and four "specific areas." The prime areas are:

- Communication and language
- Physical development
- Personal, social, and emotional development

The specific areas are:

- Literacy
- Mathematics
- Understanding the world
- Expressive arts and design

Through careful assessments and observations, including information provided by parents and other settings, children's development levels are assessed. The balance will shift towards a more equal focus on all areas of learning as children grow in confidence and ability within the three prime areas. However, if a child's progress in any prime area gives cause for concern, staff will discuss this with the child's parents and agree how to support the child.

Planning and guided children's activities will reflect on the different ways that children learn and reflect these in their practice. At Harrodian we support children in using the three characteristics of effective teaching and learning. These are:

- Playing and Exploring (engagement): children investigate and explore things, and 'have a go'.
- Active Learning (motivation): children concentrate and keep trying if they encounter difficulties and enjoy achievements.
- Creating and Thinking Critically (thinking): children have and develop their own ideas, make links between ideas and develop strategies for doing things.

(Taken from statutory framework for the EYFS 2021)

- Positive Relationships -

At Harrodian we recognise that children learn to be strong independent from secure relationships. We aim to develop caring, respectful, professional relationships with the children and their families.

We recognise that parents are children's first and most enduring educators and we value the contribution they make. We recognise the role that parents have played, and their future role, in educating the children. We do this through:

- Supporting children through the transition from pre-school to Reception with the children attending part time during the first week. This is also to support staff and parents in getting to know each other as well as the children.
- Inviting all parents to an induction question and answer session during the summer term before their child starts school and again during the first half term of the child's Reception year in order to detail how we aim to work with their child particularly in relation to reading and phonics.
- Encouraging parents to talk to the child's teacher if there are any concerns. There is a formal meeting for parents twice a year at which the teacher and the parent discuss the child's progress in private. Parents receive a report on their child's attainment and progress at the end of each school year.
- Arranging a range of activities throughout the year that encourage collaboration between child, School and parents: celebration assemblies, school visits and volunteering to collaborate in lessons.
- Providing parents an opportunity to celebrate their child's learning and development by completing Activity Books, which encourage home learning ideas and opportunities.
- Written contact through weekly emails as well as the acknowledgement that parents can ring School to contact EYFS staff.
- Ensuring all parents know their child's teacher and teaching assistant and how to contact them.
- Providing a quiet and confidential area where parents are able to discuss any concerns.

- Practice -

There are two Reception classes, each with a teacher and teaching assistant. The children are grouped into mixed age classes. The activities we undertake are often part of a topic or theme to contextualise the learning.

The Reception curriculum is planned at long, medium and short term levels.

The long term plan is composed of a variety of topics and is linked to the 7 areas of Development Matters.

Separate medium term plans are written for each area of learning. The plans identify the learning in each area for the half term, link to Development Matters and suggest activities and resources to achieve them.

Short term plans are written weekly and include the learning objective for each area that week. Specific plans are written for Literacy/Communication and Language, Mathematics, Understanding the World, Personal, Social and Emotional Development and Expressive Arts and Design. Continuous Provision and Child Initiated Learning is highlighted on the weekly plan. Physical Development is planned by the Sports Teachers.

Impact

At Harrodian we follow the principles of assessment for learning. We measure progress and children's learning across the year through formative and summative assessment. All adults who interact with the child contribute to the assessment process.

Formative assessment takes place on an ongoing basis, formed of observational assessment of each child's achievements, interests and learning style. Photographs and video observations are recorded on Tapestry.

At the end of the Reception year, the EYFS Profile is completed for each child. This forms our summative assessment and provides parents, carers and teachers with a well-rounded picture of a child's knowledge, understanding and abilities, their attainment against the Early Learning Goals, and their readiness for year 1. The profile indicates whether the child has met the expected level of development or has not yet reached expected levels ('emerging').

The Head of Early Years completes an EYFS Analysis at the end of the academic year following the completion of the EYFS Profile. In this analysis, strengths from the data are outlined, any anomalies are highlighted and areas for development are explained. Any areas for development are then outlined in more detail on the action plan for the following academic year.

Inclusion/Special Educational Needs (SEN)

All children and their families are valued at Harrodian. Children are treated as individuals and have equal access to all provisions available. All children are encouraged to achieve their personal best and planning is adapted to meet the needs of all groups and abilities. Assessments take into account contributions from a range of perspectives to ensure that any child with potential special educational needs is identified at the earliest possible opportunity. Early identification of special needs is crucial to enable staff to support the development of each child. Concerns are always discussed with parents/carers at an early stage and appropriate steps are taken in accordance with the School's Inclusion Policy for SEN.

We meet the needs of all our children through:

- Planning opportunities that build upon and extend children's knowledge, experience and interests, and develop their self-esteem and confidence.
- Using a wide range of teaching strategies based on children's learning needs.
- Providing a wide range of opportunities to motivate and support children and to help them to learn effectively.
- Providing a safe and supportive learning environment in which the contribution of all children is valued.
- Using resources which reflect diversity and are free from discrimination and stereotyping.
- Planning challenging activities for children whose ability and understanding are in advance of their language and communication skills.
- Monitoring children's progress and taking action to provide support as necessary.

Dyslexia Friendly

In order to accommodate the individual's particular learning style, lessons will be planned wherever possible in a multi-sensory way so that the various activities will cater for all pupils in the spirit of inclusion. There will also be a consideration of how to record lesson outcomes so that the pupil is offered a variety of methods and is not inhibited by any specific difficulty.

Welfare

It is important to us that all children in the School are 'safe'. We aim to educate children on boundaries, rules and limits and to help them understand why they exist. We provide children with choices to help them develop this important life skill. Children should be allowed to take risks, but need to be taught how to recognise and avoid hazards. We aim to protect the physical and psychological well-being of all children. (See Whole School Safeguarding Children Policy)

“Children learn best when they are healthy, safe and secure, when their individual needs are met and when they have positive relationships with adults caring for them.”

(Statutory framework for the early years foundation stage, September 2021)

At Harrodian we understand that we are legally required to comply with certain welfare requirements as stated in the Statutory framework for early years foundation stage 2021. We understand that we are required to:

- Promote the welfare and safeguarding of children.
- Promote good health, including oral health, taking steps to prevent the spread of infection and appropriate action when children are ill.
- Manage behaviour effectively in a manner appropriate for the children’s stage of development and individual needs.
- Ensure all adults who look after the children or who have unsupervised access to them are suitable to do so.
- Ensure that the premises, furniture and equipment are safe and suitable for purpose
- Ensure that every child receives enjoyable and challenging learning and development experiences tailored to meet their needs.
- Maintain records, policies and procedures required for safe, efficient management of the setting and to meet the needs of the children.

Equal Opportunities

All members of the school are treated as individuals. We aim to meet the needs of all, taking account of gender, ability, ethnicity, culture, religion, language, sexual orientation, age, special educational needs, disability, and social circumstances. Staff are aware of the general diversity of children’s interests, needs and backgrounds which helps them to accurately assess their development and outcomes against the ELG’s. Children from different cultural backgrounds may demonstrate their attainment through activities or events linked to their cultural experience. All staff are aware of the need for the curriculum to reflect cultural diversity and the need to prepare pupils for life in a diverse and multi-faith society.

Health and Safety

At Harrodian there are clear procedures for assessing risk (see whole school risk assessment policy) that includes procedures for keeping children safe during outings and for any aspects of the environment or provision that may require a further risk assessment. In addition to this, an annual risk assessment is conducted and in the staff handbook, safeguarding and child protection policies, there is detailed information and procedures to ensure the safety of the children.

In line with the EYFS statutory framework 2021, at Harrodian we undertake;

- A whole School medicines policy ensuring that there are systems in place to ensure that medicine and the systems for obtaining information about a child’s needs for medication are kept up to date. Medicines will not be administered unless a doctor, dentist, nurse or pharmacist has prescribed them. Medicines (both prescription and non-prescription) are only administered to a child where written permission for that particular medicine has been obtained from the child’s parent and/or carer and this will be administered by the School Nurse. At Harrodian a written record is kept each time a medicine is administered to a child and School informs the child’s parents and/or carers on the same day. (Statutory framework for EYFS 2021)
- Fresh drinking water is available at all times.
- Children’s dietary needs are recorded and acted upon when required.
- Each classroom has a sink area and children bring a healthy snack to school.

- A first aid box is accessible at all times and a record of accidents and injuries is kept (see accident and injury policy). At least one member of the EYFS staff has paediatric first aid training
- A health and safety policy and procedures which cover identifying, reporting and dealing with accidents, hazards and faulty equipment.
- A fire and emergency evacuation procedure and policy.
- A safeguarding policy stating how mobile phones and cameras are to be used and stored securely whilst children are in the setting. Cameras that are used in School must not be used for staff own personal use.
- Appropriate clothing, in particular in relation to the wearing of heels (stilettos or a heel that comes to a point). Staff are expected to wear clothing that supports them in getting to a child's level and playing and engaging with children at floor level.

Transition

- From Pre-school/Feeder settings –

During the summer term prior to a child's entry into the Reception year, the following procedures have been put into place to ensure successful transition:

- Parents are invited to a Question and Answer Session to ensure they know about School procedures and any concerns they may want to express.
- Reception staff attend Transition Meetings at Richmond Borough to gather information from current settings.
- Nursery and staff from the children's current settings are invited to attend our Transition Tea Party, which includes Reception staff as well as parents and siblings.
- Nursery/current setting staff and parents of incoming children are sent detailed information regarding school readiness expectations.

In the autumn term when the children start school:

- Parents are encouraged to send in a family photo to enhance our "all about me" initial topic. These are used for children to get to know each other, support transition and to inform planning.
- Children integrate into School life by starting with a half-day session and gradually building up the time each day until they are in school for full days.
- Reception staff use the 'Moving On' forms provided from previous settings as well as Baseline assessments to guide planning for each child.

- From Reception Class to Key Stage 1 -

During the final term in Reception, the EYFS Profile is completed for each child. The Profile provides parents and carers, staff and teachers with a well-rounded picture of a child's knowledge, understanding and abilities, their progress against expected levels, and their readiness for Year 1. The Profile includes on-going observation, all relevant records held by the setting, discussions with parents and carers, and any other adults whom the teacher, parent or carer judges can offer a useful contribution.

Each child's level of development is assessed against the Early Learning Goals. The profile indicates whether the child has met the expected level of development or has not yet reached expected levels ('emerging'). Year 1 teachers are given a copy of the Profile report together with a short commentary

on each child's skills and abilities in relation to the three key characteristics of effective learning. This informs the dialogue between Reception and Year 1 teachers about each child's stage of development and learning needs and assists with the planning of activities in Year 1.
