1. Introduction and policy aims

Harrodian has a duty to keep children safe. This includes how we protect children from experiencing harm and how we should respond when we suspect or confirm that a child is being harmed.

Children are at the centre of everything we do at Harrodian. We are committed to providing an environment in which children feel welcomed, safe, valued and respected. Adults in our School know that keeping children safe is everybody's responsibility and that all children, regardless of age, gender, culture, language, race, ability, sexual identity, religion or lack of religion have equal rights to protection and opportunities.

We aim to make sure that:

- The School has a clear process in place, which is shared with and followed by all members of the school community when there is a safeguarding concern.
- Our staff are well trained to recognise the signs of abuse or neglect, such that they understand what their responsibilities are and how they should respond when they identify a concern.
- We keep track of children known or thought to be at risk of harm.
- We communicate well with all those involved when there is a concern about a child, including parents/carers, pupils, staff and agencies. This includes sharing information quickly and appropriately with external agencies, such as the police and children's services, to get children the support and help they need in good time.

2. Definitions

Safeguarding means the process for protecting children from harm and abuse. This includes

- taking action to ensure that children have the best outcomes
- making sure that the way children grow up is consistent with providing safe and acceptable care
- preventing barriers to children's mental and physical health or the way they develop

Child protection means the processes carried out to protect children who have been identified as suffering, or being at risk of suffering significant harm.

Staff refers to all those working for or on behalf of the School, full time or part time, temporary or permanent, and in either a paid or voluntary capacity. This includes, but is not limited to, employed staff, contractors, volunteers, Safeguarding Governors, supply staff and self-employed staff.

Child means everyone under the age of 18.

Parent means birth parents and other adults who are in a parenting role, for example step-parents, foster carers and adoptive parents.

Statutory means what has been decided or is controlled by the law. **Statutory guidance** tells us what schools and local authorities must do to follow the law.

The local safeguarding partnership has three safeguarding partners:

1. the chief of police for a police area in the local authority (police)
2. the local authority (children's services), and
3. the clinical commissioning group for an area within the local authority (health)

In Kingston and Richmond, the local safeguarding partnership is called the Kingston and Richmond Safeguarding Children Partnership (KRSCP). KRSCP's three partners work together to identify the safeguarding needs of the local area and come up with a joint response to address them.

Wherever local safeguarding arrangements are referred to in this policy, they mean the arrangements agreed and published by KRSCP or the [London Child Protection Procedures and Practice Guidance](#).

Harrodian will publish our *Safeguarding and Child Protection* policy on our website and hard copies will be available on request from the school office.

Children's services

Achieving for Children (AfC) single point of access (SPA)

Anyone can tell SPA about a child, young person or parent/carer who needs support in the boroughs of Kingston and Richmond. This could be a concern about how the child is developing, issues that the parent or carer is experiencing, or you suspect a child is being neglected or subjected to physical, sexual, or emotional abuse.

SPA can be contacted on the [Single Point of Access \(SPA\)](#) website.

If a child is in **immediate danger**, the police should be contacted on 999.

If it is not an emergency, but there is a concern that a child is at risk, SPA should be contacted by phone on 020 8547 5008. If it is outside of office hours and urgent, the SPA duty social worker can be spoken to on 020 8770 5000.

If a child needs support in another London borough, please contact Alison Heller, Head Designated Safeguarding Lead for appropriate contact details.

This government website will help identify which local council to report child abuse to and their contact details: [Report child abuse to a local council - GOV.UK](#)

Go to [section 6](#) of this policy for in-school procedures.

Local authority designated officer (LADO)

Every local authority has a legal responsibility to have a LADO who is responsible for organising the response to concerns/allegations that an adult who works with children may have caused them or could cause them harm. They will be informed within one working day of any allegations that come to our attention. The LADO will give advice and guidance to employers, such as the Headmaster and Safeguarding Governors, to make sure that any allegation is dealt with fairly and quickly, ensuring that the child is protected effectively.

The LADO can be contacted by:

Email: LADO@achievingforchildren.org.uk

Telephone: 07774 332675

Online: [Submit LADO referral form](#)

4. The law (legislation) and statutory guidance

In addition to KRSCP's arrangements (which can be accessed [here](#)) and the [London Child Protection Procedures and Practice Guidance](#), Harrodian also follows the laws and statutory guidance below:

[Keeping children safe in education 2023 guidance](#), from now on referred to as KCSiE, sets out the legal duties all schools must follow to safeguard and promote the welfare of children and young people under the age of 18 in schools and colleges.

[Statutory framework for the early years foundation stage 2023](#) sets the standards that all early years providers, must meet to make sure that children learn and develop well and are kept healthy and safe.

[Childcare \(Disqualification\) and Childcare \(Early Years Provision Free of Charge\) \(Extended Entitlement\) \(Amendment\) Regulations 2018](#) and the [Childcare Act 2006](#) set out who is disqualified from working with children.

[Working Together to Safeguard Children 2018](#) guidance produced by the government states how practitioners, such as teachers, social workers, the police and health professionals working with children and families should work together to make sure that children and young people remain safe from harm. This is currently being consulted on, so it may be necessary to update this policy mid-year with the new guidance.

[Education Act 2002](#), section 175 and [The Education \(Independent School Standards\) Regulations 2014](#) place a duty on independent schools to keep children safe and promote the welfare of pupils.

[Governance Handbook](#) sets out the roles, responsibilities, and legal duties for Safeguarding Governors.

The [Children Act 1989](#) is the main source of child safety law for England and Wales. The Act gives the basis for most of children's services' duties and responsibilities towards children and their families. It also provides the legal framework for the child protection system. The [2004](#) amendment is used alongside the Act.

The [Children Act 1989 Care Planning, Placement and Case Review](#) sets out what responsibilities education settings have for children looked after by the local authority.

[The Human Rights Act 1998](#) sets out the core rights and freedoms that everyone in the UK is entitled to and contains the articles and protocols of the [European Convention on Human Rights](#) (the Convention) that apply in the UK. Experiencing harassment, violence and/or abuse, including that of a sexual nature, may breach any or all of these rights.

[The Equality Act 2010](#) states that schools and colleges must not unlawfully discriminate against pupils because of their sex, race, disability, religion or belief, gender reassignment, pregnancy and maternity or sexual orientation (called protected characteristics). Therefore, we can take positive action to deal with disadvantages affecting our pupils with protected characteristics to make sure their needs are met. The [Equality Act 2010: advice for schools](#) advises us further.

[The Public Sector Equality Duty \(PSED\)](#) states that we have to be mindful of the need to eliminate unlawful discrimination, harassment, and victimisation. Some pupils or students may be more at risk of harm from specific issues such as sexual violence, homophobic, biphobic or transphobic bullying or racial discrimination. It is important to make sure we foster good relations between those who share a protected characteristic and those who do not, and work to make sure pupils have equal opportunities. We give specific attention to this duty when we write our policies or make any decisions about how our School is run.

Further, and more specific, legislation is covered throughout this policy in the relevant sections. Some government guidance is not statutory - instead it supports practitioners, like school staff, in the decisions we need to make to keep children safe. Where possible, links to non-statutory guidance have been included in the relevant sections.

5. Roles and responsibilities

Everybody in our School has a responsibility for safeguarding. Some members of our School have specific safeguarding responsibilities.

The Safeguarding Governors – Heather Locke and Rachael Snaith

- They meet regularly with the Head DSL. Heather Locke visits the School every half term and asks questions, which allows her to monitor how the School's safeguarding policies and procedures are being put into practice.
- Each year, the safeguarding governors are part of the annual safeguarding audit, led by the Head DSL and Headmaster and make sure it is submitted to the KRSCP.
- Both safeguarding governors attend appropriate training that guides them in how to monitor and progress any areas of weakness in the School's safeguarding arrangements.
- They keep up to date with the KRSCP's safeguarding arrangements and guidance.

The Headmaster- James Hooke

The headmaster will ensure that:

- This policy and other safeguarding-related policies and procedures (such as the staff behaviour policy) are shared at induction, understood by all staff, including temporary staff and volunteers, and are being followed at all times.
- Staff receive safeguarding training, which is updated regularly.
- Parents and carers are aware of this policy and where they can access a copy.
- The DSLs have sufficient time, training, support, and resources to carry out the role and ensure that there is complete cover should one of the DSLs be absent.
- Visitors are appropriately supervised or escorted, where necessary.
- Systems are in place for children to express their views and give feedback, which is used to inform the whole school approach to safeguarding.
- He becomes the 'case manager' when an allegation is raised about a member of staff (see Appendix 2) and makes the final decision regarding all low-level concerns.
- There are enough staff per child (staff ratios), where relevant and applicable.
- Appropriate arrangements are put in place for the supervision of staff who have contact with children and families.

The designated safeguarding leads (DSLs) – Alison Heller, Bryn McNaught, Joe O'Shea, Victoria Allwood, Anastasie Vedrenne-Suffolk and James Gledhill

All DSLs lead responsibility for safeguarding and child protection (including online safety and understanding the filtering and monitoring systems and processes in place) within their designated areas of the School. Alison Heller is a member of the senior leadership team. The DSLs always have the ultimate responsibility for keeping children safe.

The full responsibilities of each DSL are listed in their job descriptions. The DSL's responsibilities include, but are not limited to:

- reading and following KCSiE

- always being available during school hours for staff in school to discuss any safeguarding concerns, or arrange appropriate cover for any out of hours or out of term activities
- working together with all staff to understand the whole picture when there are safeguarding concerns, providing them with advice, support and expertise
- contributing to the assessment of children, including taking part and/or supporting other staff to take part in strategy discussions and meetings between multiple agencies
- working together with and supporting parents/carers and families who may be facing challenging circumstances and, when there are safeguarding concerns, making parents/carers aware of the School's role in making referrals about suspected abuse and neglect
- understanding the importance of sharing information, including referring cases to relevant agencies (for example, children's services, the police, the Channel Programme and/or the Disclosure and Barring Service (DBS)) when appropriate, and supporting staff who make referrals directly
- understanding and following AfC's and KRSCP's safeguarding procedures, in addition to attending the termly DSL forums provided by KRSCP to ensure they are acting in line with the local safeguarding arrangements
- keeping the Headmaster up to date with safeguarding issues
- having the lead responsibility for online safety, and oversight and checking the effectiveness of filtering systems and their reports
- being aware of the requirement for children to have an Appropriate Adult, as described in [PACE Code C 2019](#)
- working with the 'case manager' and LADO for child protection concerns that involve a staff member
- making sure child protection files are up to date and kept as per [section 8](#)
- making sure all staff have access to this policy (and the wider safeguarding procedures) and that the policy is available publicly and reviewed annually
- making sure that all staff (including third-party staff and contractors) have an adequate and appropriate safeguarding induction, regularly updated safeguarding training and annually sign to say they have read the relevant part of KCSiE
- working alongside the safeguarding governors and Headmaster to update and review procedures and how they are being implemented, including jointly completing an annual safeguarding self-audit and submitting it to KRSCP
- promoting the educational outcomes of pupils who have or had a social worker, by sharing information about child protection issues with teachers and leadership staff
- encouraging a culture of listening to children, taking into account their wishes and feelings when any plans are put in place to protect them

Further responsibilities of the DSLs are listed elsewhere in this policy. For a detailed explanation of the DSL's responsibilities, see Annex C of KCSiE.

IT Manager – Kris Kreis

- maintains the filtering systems
- provides filtering reports
- undertakes monitoring of websites that pupils are accessing at School
- completes actions following concerns or checks to the system

All school staff

- sign to say they have read the relevant part of KCSiE annually
- have a responsibility to provide a safe environment in which children can learn
- will follow the School's procedures for identifying and reporting any concerns and issues about the School's online filtering and monitoring systems
- will follow the School's safeguarding and child protection processes and procedures, sharing information quickly when they have a concern about a child's safety and wellbeing, even when they are unsure
- will, whenever necessary, refer safeguarding or child protection concerns to external agencies, such as the police, children's services and LADO
- make sure children who identify as lesbian, gay, bisexual, or transgender (LGBT) have a safe space to share their concerns
- attend safeguarding training appropriate to their role and are familiar with key policies, including this policy and the *Staff Behaviour* policy (code of conduct)

What staff need to know is covered in the training section of this policy.

6. What to do if you have concerns about a child's welfare

If staff have any concerns about a child's welfare, they must act on them immediately by following the procedures below. Our staff can use the [What to do if you're worried a child is being abused](#) government guidance alongside the School's procedures. We work hard to make sure our staff and safeguarding team are approachable and available, such that anyone can speak to them about any concern quickly, no matter how small or whether there is evidence.

We recognise the significant emotional impact being involved with, or aware of, safeguarding incidents can have. **Approach our safeguarding team if you need any support during or following a safeguarding incident you have been involved in.** The names of the DSLs are clearly advertised in the School, on the School's website and MyConcern homepage.

If a child is in immediate danger, or is suffering or likely to suffer significant harm

Make a referral to the police and/or children's services **immediately** if a child is in immediate danger, or is suffering or likely to suffer significant harm. **Anyone** can make a referral. Call the police on **999**. For children's services' contact details are given on page 5. If you make a referral, you will update the appropriate DSL for that area of the School as soon as is practically possible.

Disclosures

We recognise that it takes a lot of courage for a child to disclose they are being harmed. Staff know that

- children may not feel ready or know how to tell someone they are being harmed
- the child may not recognise what is happening to them as harmful
- they may feel embarrassed, humiliated or are being threatened. This could be due to their vulnerability, disability and/or sexual orientation, or language barriers

Our staff know they must show professional curiosity, i.e. explore and try to understand what is happening for an individual or family, rather than take what is being said on face value or making assumptions. We encourage staff to ask the pupil if they are OK or if they can help in any way. A child who makes a disclosure may have to tell their story more than once, such as to the police and/or social workers. At Harrodian we know how important it is that a child's first experience of talking to a trusted adult about a worry they have is a positive one.

Handling a disclosure

- listen to them carefully and believe in what they are saying. Do not be afraid of silent moments
- be careful not to express your own views or feelings and stay calm
- do not investigate. Only ask enough questions to work out if you need to share this matter with a DSL. Only ask open questions, such as: How? When? Who? Where?, and open statements, such as: "Tell me", "Describe" and "Explain". Otherwise, you may invalidate your evidence (and the child's) in any later court proceedings
- if there are injuries or marks on the child, do not examine the child intimately or take pictures
- reassure them that they have done the right thing by telling you. Do not say to the child that you wish they had told you sooner
- do not automatically offer physical touch to comfort the child. Consider what may be comforting for the child, rather than how you prefer to be comforted
- tell the child it is not their fault and you are taking them seriously
- explain what you will do next. Tell the child that you cannot keep what they have told you a secret and that you will pass this information onto someone who can help

After a child has made a disclosure

- write up the conversation as soon as possible onto MyConcern
- make sure the appropriate DSL or any DSL if she/he is not available is aware of the disclosure. If appropriate, contact children's services and/or the police directly and tell the DSL as soon as possible
- do not share the disclosure with **anyone** else unless children's services, the police or another relevant agency involved in the safeguarding process tells you to
- get support for yourself if you need it

Recording a disclosure or safeguarding concern

- use MyConcern to record the date, time, place and persons present
- use the child's own words, verbatim where possible, and stick to the facts. Avoid making assumptions and do not put your own judgement on it
- record any noticeable non-verbal behaviour. Detail any visible marks or injuries and record them on a body map and upload this onto MyConcern
- keep any original notes you have made and pass these to the DSL so that they can upload them onto MyConcern
- do not ask children to make written statements themselves or sign records

Concerns about a child who is **not** in immediate danger, or suffering or likely to suffer significant harm

The [flowchart](#) found below explains what you should do if you have concerns about a child. First, speak to the relevant DSL or if she/he is not available, one of the DSL team. If in exceptional circumstances, none of the DSL team is available, this must not delay you from taking appropriate action. Instead, you should speak to a member of the senior leadership team or onsite safeguarding governor – Rachael Snaith or take advice from children's services, if necessary.

The DSLs are aware of the [London safeguarding children partnership's threshold document](#), which will be used to inform their response to any safeguarding concern. If you are dissatisfied with the response from the DSL team or children's services, you should ask for the decision to be reconsidered, giving your reasons for this. If you remain dissatisfied, follow the local escalation procedure [Resolving professional differences - Kingston and Richmond Safeguarding Children Partnership](#).

Early help

At Harrodian, we are keen to work with families to provide support as soon as a problem becomes visible at any point in a child's life. If an early help assessment is appropriate, the DSL will lead on working together with other agencies and set up an inter-agency assessment, as appropriate. Staff

may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

Our DSLs use the Early Help Partnership Tool to explore emerging needs and – with consent from the child or family – discuss with the relevant Early Help Resilience Network to ensure all identified needs are supported effectively and they get multi-agency support.

Achieving for Children’s early help assessment tools and plans can be found [here](#). The partnership’s [Early Help Strategy](#) sets out their aims for how professionals work effectively together to provide early help.

If early help support is appropriate, it will be kept under constant review. A referral to children’s services may be required if the child’s situation doesn’t appear to be improving. The DSLs are aware of the local escalation policy and procedures.

We are aware any child may benefit from early help. Staff who work directly with children will be particularly alert to the potential need for early help for children listed under Part 1, paragraph 10 of KCSiE.

Referral to children’s services

Concerns about a pupil or a disclosure should be discussed with the appropriate DSL or if she/he is not available with one of the other DSLs, who will help decide whether a referral to children’s services is appropriate. If a referral is needed then the DSL should make it. However, anyone, including children, can make a referral and if for any reason a staff member thinks a referral is appropriate and one hasn’t been made, they can and should consider making a referral themselves. Where referrals are not made by the DSL, the DSL should be informed as soon as possible.

If you have not had any feedback from children’s services within 72 hours of making the referral, this must be followed up. If after a referral the pupil’s situation does not appear to be improving, the DSL (or whoever made the referral) should press for re-consideration to ensure their concerns have been addressed and, most importantly, the child’s situation improves. The [Resolving professional differences - Kingston and Richmond Safeguarding Children Partnership](#) procedure will be used, where necessary.

If a child is at risk of female genital mutilation or it has taken place

Female genital mutilation (FGM) is illegal in England. It involves removal, part removal or injury to the female genital internal or external organs for non-medical reasons. It is sometimes known as ‘cutting’ or female ‘circumcision’.

Teachers

While all staff should speak to a DSL with regard to any concerns about female genital mutilation (FGM), there is a specific legal duty on teachers. If a teacher, in the course of their work, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher must directly report this to the police. Teachers will face disciplinary sanctions for failing to do so. This is not the case if it is suspected but not known if a pupil is at risk of FGM. The teacher should tell a DSL who will support the teacher in making a direct report to the police. The teacher may need to support a referral to children's services. Staff will never examine children.

Other members of staff

Other members of staff who establish that an act of FGM appears to have been carried out on a child or suspect a child is at risk of FGM, will follow the same procedures as with any other concern, i.e. staff will speak to a DSL and follow local safeguarding procedures.

Concerns about nudes or semi-nudes

Responding to any incident that comes to your attention:

- **Report** it to your designated safeguarding lead (DSL) immediately using MyConcern.
- **Never** view, copy, print, share, store or save the imagery yourself, or ask a child to share or download – this is illegal.
- **If you have already viewed the imagery** by accident (e.g. if a young person has shown it to you before you could ask them not to), report this to the DSL and seek support.
- **Do not delete** the imagery or ask the young person to delete it.
- **Do not** ask the child/children or young person(s) who are involved in the incident to disclose information regarding the imagery. This is the responsibility of the DSL.
- **Do not** share information about the incident with other members of staff, the young person(s) it involves or their, or other, parents and/or carers.
- **Do not** say or do anything to blame or shame any young people involved.
- **Do** explain to them that you need to report it and reassure them that they will receive support and help from the DSL.

Staff reserve the right to confiscate a device in the possession of a pupil if they have concerns about sharing nudes or semi-nudes in relation to the device. This is consistent with the government's [Searching, screening and confiscation: advice for schools](#) guidance.

The DSL will follow the government's [Sharing nudes and semi-nudes: advice for education settings working with children and young people](#) guidance. Once they are aware of an incident, the DSL will hold an initial review meeting with appropriate staff. This may include the staff member(s) who heard the disclosure and the safeguarding or leadership team who deal with safeguarding concerns.

The initial review meeting will consider the initial evidence and aim to establish

- whether there is an immediate risk to any child or young person
- if a referral should be made to the police and/or children's social care
- if it is necessary to view the image(s) in order to safeguard the child or young person – in most cases, images or videos should not be viewed
- what further information is required to decide on the best response
- whether the image(s) has been shared widely and via what services and/or platforms. This may be unknown
- whether immediate action should be taken to delete or remove images or videos from devices or online services
- any relevant facts about the children or young people involved that would influence risk assessment
- if there is a need to contact another education setting or individual
- whether to contact parents or carers of the children or young people involved – in most cases they should be involved

The DSL will make an immediate referral to the police and/or children's services if

- the incident involves an adult
- there is reason to believe that a child or young person has been coerced, blackmailed or groomed, or there are concerns about their capacity to consent (for example, owing to special educational needs)
- what they know about the images or videos suggests the content depicts sexual acts that are unusual for the young person's developmental stage, or are violent
- the images involve sexual acts and any pupil in the images or videos is under 13
- they have reason to believe a child or young person is at immediate risk of harm owing to the sharing of nudes and semi-nudes, for example, if they are presenting as suicidal or self-harming

If none of the above applies, we can decide to respond to the incident without involving the police or children's services. We may escalate the incident at any time if further information/concerns are disclosed at a later date. First, the DSL will be confident that they have enough information to assess the risks to any child involved and the risks can be managed within our School's pastoral support, behaviour procedures and, if appropriate, the local network of support.

The DSL will contact children's services if any child or young person involved is already known to them. If, because of the investigation, the DSL believes there are wider issues that meet the threshold for children's services' involvement, they will make a referral in line with this policy and local safeguarding procedures.

Viewing the imagery

The decision to view any imagery will be based on the professional judgement of the DSL and will comply with this policy. Imagery will never be viewed if the act of viewing will cause significant distress or harm to a pupil. If a decision is made to view imagery, the DSL will be satisfied that viewing

- is the only way to make a decision about whether to involve other agencies because it is not possible to establish the facts from any child or young person involved
- is necessary to report it to a website, app or suitable reporting agency (such as the IWF) to have it taken down, or to support the child, parent or carer in making a report
- is unavoidable because a child or young person has presented it directly to a staff member or nudes or semi-nudes have been found on a school device or network

Deletion of images

If the School has decided that other agencies do not need to be involved, then consideration will be given to deleting imagery from devices and online to limit any further sharing. This decision will be based on the DSL's judgement in line with the guidance.

There is further information in the [Sharing nudes and semi-nudes](#) section of this policy.

Child-on-child abuse, including sexual violence and sexual harassment

Responding to allegations of child-on-child abuse

- You must record the allegation and inform a DSL. Do not investigate the allegation.
- If one of the DSL team is not available due to emergency circumstances, the staff member will speak to a member of the senior leadership team and/or contact the relevant children's services e.g. the Single Point of Access in Kingston and Richmond.

The DSL will make a decision from the following options depending on the level of risk or harm:

1. Manage the concern internally providing pastoral support to all those involved.
2. Complete an early help assessment.
3. Make a referral to children's services and/or, where necessary, the police. The DSL may choose to consult children's services to assist them with making a decision.
4. The police will still be informed of any criminal offences, even if the child is aged under the criminal age of responsibility. The police will take a welfare approach.

The DSL will contact the parents or carers of the children involved at the earliest opportunity and where appropriate. Records will be kept of all concerns, any discussions had, and any outcomes reached. If a criminal offence has been committed or is being investigated, the DSL will work closely with the police to avoid impacting the criminal process while protecting children or following disciplinary procedures.

Where the DSL, children’s services or the police decide the concern should be handled by the school internally, we will thoroughly investigate the concern using our behaviour policy and processes. A risk assessment and prevention plan will be completed when a safeguarding risk has been identified. The plan will be monitored and a date set for a follow-up evaluation with everyone concerned. We will support all children involved in the incident, including the child/ren who displayed the behaviour and the children who experienced it.

Responding to allegations of sexual harassment and sexual violence

Using the DSL’s professional judgement, the school will make decisions about and address the incident based on the Hackett tool (below). We will request the support of other agencies, such as children’s services and the police, if necessary.

We follow the local safeguarding arrangements below when an allegation of sexual violence and/or sexual harassment has been made.

1. **Hackett Inappropriate:** Manage internally using the behaviour policy and pastoral support.

2. **Hackett Problematic:** Early help response used for non-violent harmful sexual behaviour to prevent escalation.
3. **Hackett Abusive:** Refer to children's services when a child has been harmed, is at risk of harm or in immediate danger.
4. **Hackett Violent:** Report to the police if a crime has been committed, such as rape, assault by penetration or sexual assault. We will follow the [When to call the police](#) guidance.

The management of children and young people with sexually harmful behaviour is complex. Harrodian will work with other relevant agencies to maintain the safety of the whole school community. Where appropriate, immediate measures will be put in place to support and protect the person impacted by the behaviours, any witnesses, and the alleged instigator of the behaviours. A written record will be made and next steps discussed, taking into account the views of those impacted by the behaviour.

A risk and needs assessment will be completed for all reports of sexual violence and on a case by case basis for reports of sexual harassment. The assessment, which will be kept under review, will consider

- whether there may have been other people impacted by the behaviour
- the person known to be impacted by the behaviour, especially their protection and support
- the alleged instigator of the behaviour
- all pupils (and, if appropriate, staff) at the School, especially any actions that are appropriate to protect them from the alleged instigator or from future harm
- the time and location of the incident and any action that can make the School safer

Unsubstantiated, unfounded, false or malicious reports

If a report is found to be unsubstantiated, unfounded, false or malicious, the DSL will consider whether the pupil and/or the person who has made the allegation is in need of help, or may have been abused by someone else and this is a cry for help. In such circumstances, a referral to children's services may be appropriate. If a report is shown to be deliberately invented or malicious, we will consider whether any disciplinary action is appropriate according to our behaviour policy.

If a child who has experienced sexual violence or sexual harassment asks the school not to make a referral

If the child does not give consent to share information, the DSL will balance the victim's wishes against the DSL's duty to protect them and other children on a case by case basis. If a child is at risk of harm, is in immediate danger, or has been harmed, a referral should be made to local authority children's social care, and as rape, assault by penetration or sexual assault are crimes, reports should be referred to the police. Although the age of criminal responsibility is ten, if the child

accused is under ten, a referral to the police will still be made. The police will take a welfare, rather than a criminal justice approach, in these cases.

We will do all we reasonably can to protect the anonymity of any children involved in any report, including weighing up which staff need to know and any support which will be put in place. Further, we will take into account the potential impact of social media in facilitating the spreading of rumours and exposing the child's identity.

Where an allegation of sexual violence or sexual harassment is progressing through the criminal justice system, our DSL will be aware of anonymity, witness support, and the criminal process in general so they can offer support and act appropriately. They will be guided by the [CPS: Safeguarding Children as Victims and Witnesses](#) advice.

Concerns about mental health

If you have a mental health concern about a child that is also a safeguarding concern, you will speak to the DSL immediately, unless the child is in immediate danger, in which case you will call the police first.

Although you may be well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one, only appropriately trained professionals should attempt to diagnose a mental health illness. Where necessary, the DSL will make a referral to the Child and Adolescent Mental Health Service's (CAMHS) single point of access for Kingston and Richmond [here](#).

Concerns about extremism and radicalisation

Extremism is the vocal or active opposition to our fundamental British values. Radicalisation means how someone comes to support terrorism and extremist views held by extremist groups. See [radicalisation and extremism](#) in Appendix 1 for more information.

If you have a concern that a child may be at risk of radicalisation or involvement in terrorism and they are in **immediate danger**, contact the police on 999 or the anti-terrorist hotline on **0800 789 321**. If the child is not in immediate danger, speak with the DSL as a first point of call.

The DSL may decide to discuss their concerns with children's services and will make referrals to the police Prevent team and the Channel programme where necessary. The DSL will need to seek the individual's consent when referring to the Channel programme.

Staff and safeguarding governors can also raise concerns relating to extremism directly via the Department for Education's dedicated telephone helpline on 020 7340 7264. You can also raise

concerns by emailing counter.extremism@education.gsi.gov.uk, but this is not to be used in emergency situations.

The Prevent leads in Kingston and Richmond are

Kingston:

Stephanie Royston-Mitchell, Community Safety and Resilience Principal

stephanie.royston-mitchell@kingston.gov.uk

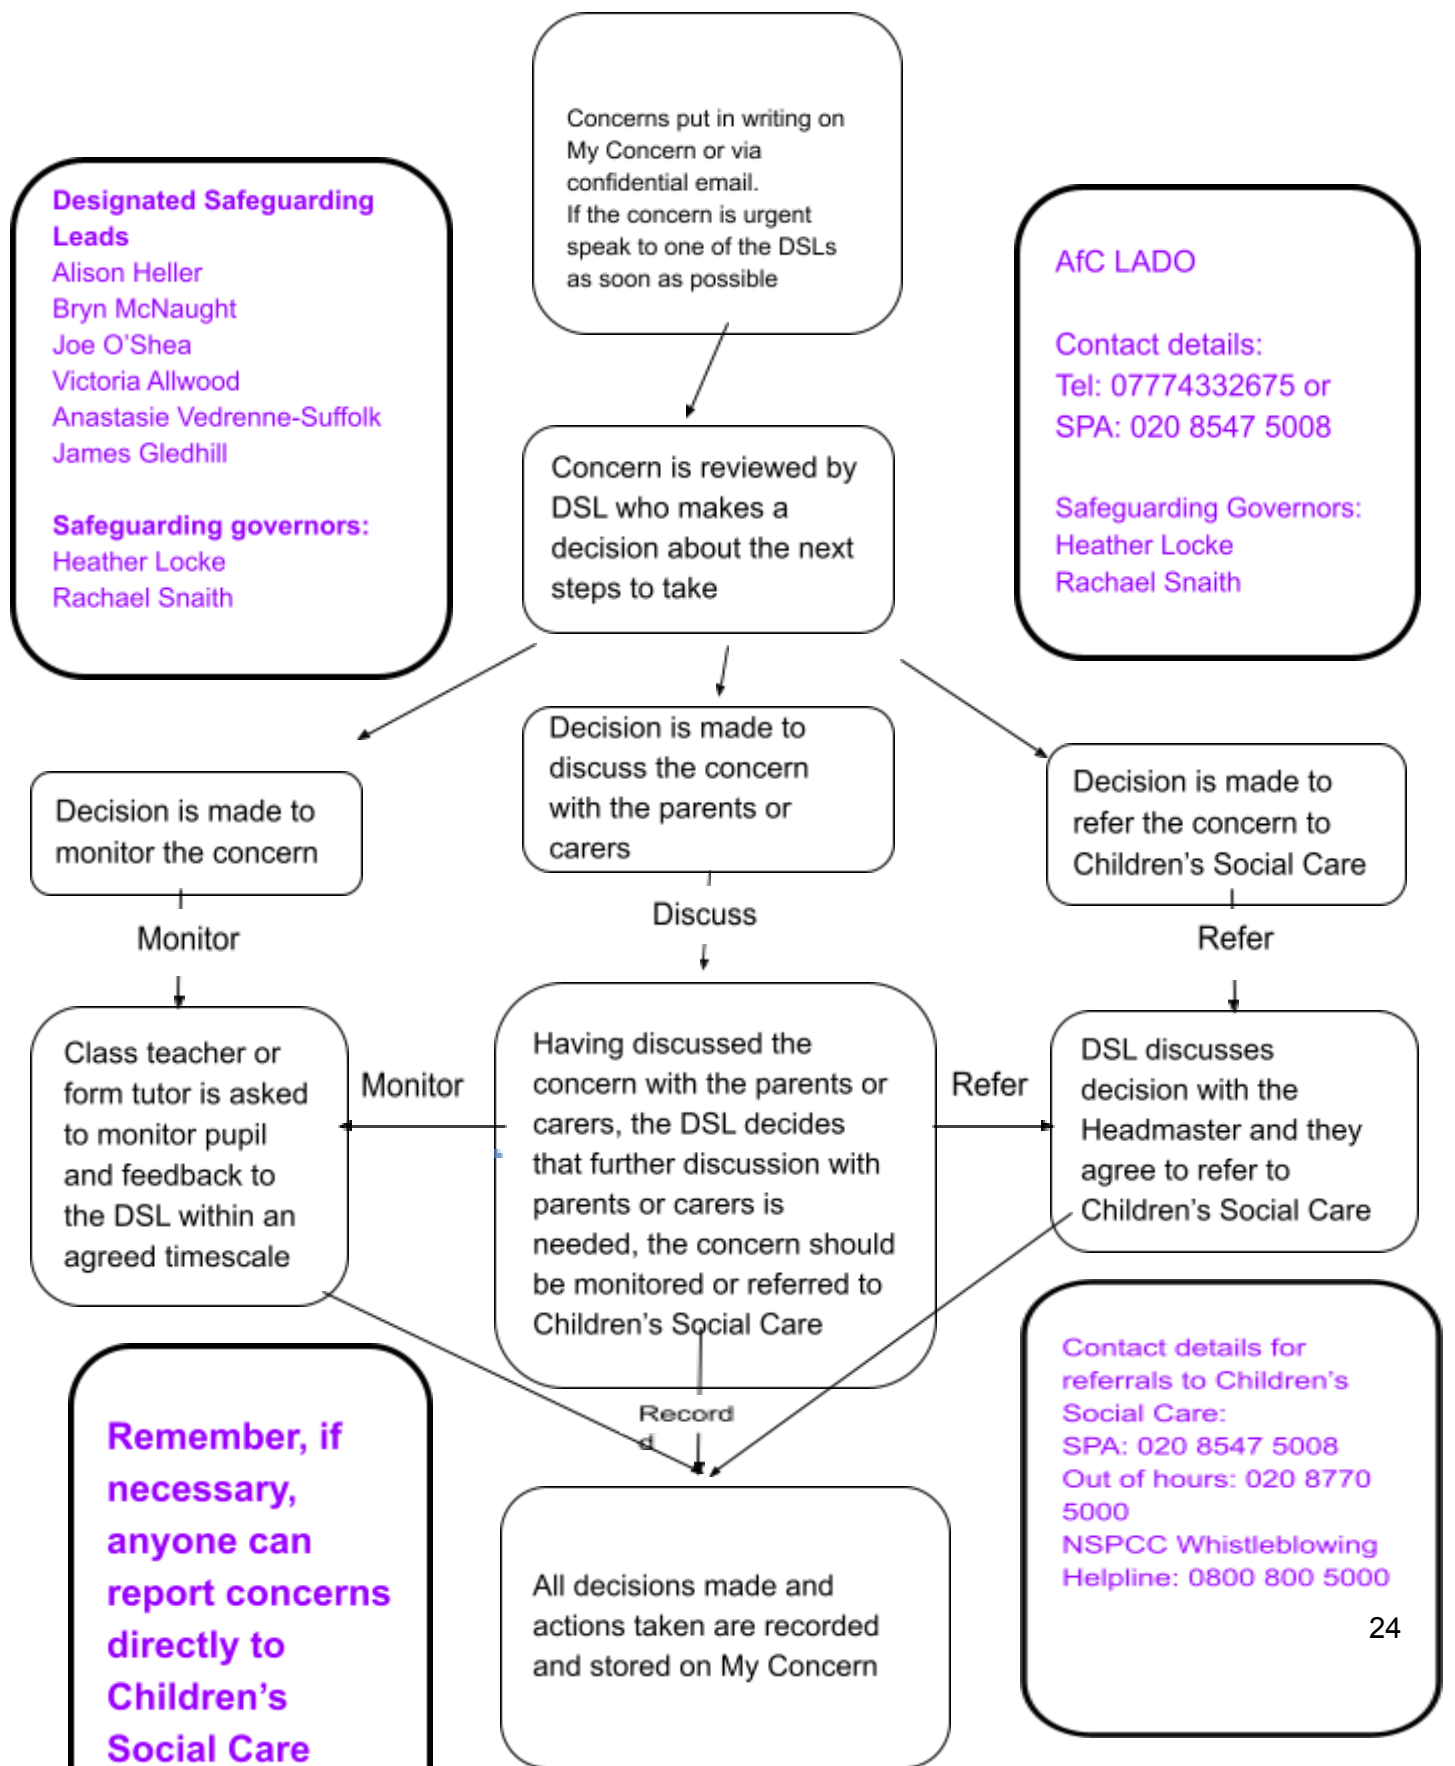

Richmond and Wandsworth:

Naheem Bashir, Vulnerabilities Manager Naheem.Bashir@richmondandwandsworth.gov.uk

How pupils can report concerns

In our School, it is essential that pupils can tell us how they are feeling and know we will take seriously anything they share with us. We aim to create an environment full of 'reachable moments' which encourages pupils to feel safe enough to open up if they are concerned about something. Pupils can confidently report any worries they have about their lives, both in and out of School, by speaking to an adult they trust.

Raising safeguarding concerns about a child

7. Confidentiality

Harrodian takes our responsibility to protect and look after the data (information) we hold about pupils and our families seriously. The Data Protection Act (DPA) 2018 and General Data Protection Regulation (GDPR) guide us in how to do so. Under the DPA 2018, we will share information without consent if 'the safeguarding of children and individuals at risk' is our reason for doing so, and

- it is not possible to gain consent
- it cannot be reasonably expected that a practitioner (for example, teacher) gains consent, or
- to gain consent would place a child at risk

The government's [information sharing advice for safeguarding practitioners](#), which includes the seven 'golden rules' for sharing information, supports staff who have to make decisions about sharing information. Staff are aware they can speak to a DSL if they are unsure about sharing information. Government guidance emphasises that: "The Data Protection Act 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare and protect the safety of children."

We will share information in a timely manner to keep children safe, which will include sharing information with agencies and professionals in line with the Working Together to Safeguard Children 2018 guidance and [DRAFT Information sharing advice for practitioners providing safeguarding services to children, young people, parents and carers](#). We respect that safeguarding matters are personal to families, so the DSL, and Headmaster will only share information about a child to members of staff and professionals on a need to know basis.

All staff are aware that they cannot make a promise to a child to keep secrets that might impact on the child's safety or wellbeing. Instead, staff should tell the pupil that they may need to pass information on to others who can help and protect them.

Notifying parents or carers

At Harrodian, working alongside and supporting families is a key priority. This involves being open and transparent with parents and carers when we have concerns about their child's welfare, and/or we need to request support from other services to make sure the child's situation improves. If we believe notifying parents or carers could increase the risk to the child or cause further harm, we will seek advice from children's services about how and when parents or carers should be updated.

It is legitimate to share concerns without a parent's or carer's consent when there is good reason to do so and that sharing the information would improve the safeguarding of the child in a timely manner.

8. Record Keeping

Each pupil for whom a safeguarding issue has been raised on MyConcern has a file where all safeguarding concerns and referrals are stored. The designated safeguarding lead is responsible for keeping these files up to date. Safeguarding files will be stored securely on MyConcern, and access will only be given to those who need it.

When pupils leave Harrodian, the School will make sure that their safeguarding file is transferred to the new education setting or college within 5 days of an in-year transfer or within 5 days of the start of a new term. This will be securely transferred separately from their main pupil file and a confirmation of receipt will be requested and kept. Where appropriate, the DSL will share information in advance of the pupil transferring so support can be put in place ready for when the pupil starts. When a child starts our school, we will make sure key staff are aware of the safeguarding file as soon as possible.

If Harrodian is the last school that the pupil attends, their safeguarding file will be securely stored by the School until their 26th birthday is reached, when it will be securely disposed of.

9. Concerns or allegations about adults in our school

If you have a low-level concern, or an allegation is made, about a member of staff (see the definition for staff in section 1 of this policy) presenting a risk to children, speak to the Headmaster as soon as practically possible. This includes any concerns in school, out of school, online and/or offline.

If you are unable to report to the Headmaster or one of the Safeguarding Governors either because they are not available or because you believe that there is a conflict of interest, share your concerns with the local authority designated officer (LADO), whose details are at the start of this policy.

Appendix 2 sets out what steps the Headmaster or Safeguarding Governor will then follow if appropriate.

10. Whistleblowing

A whistleblower is a worker who reports certain types of wrongdoing, and all staff have a duty to do so. We aim to create an environment where staff feel able to raise concerns about poor or unsafe practice and potential failures in how we manage safeguarding. Any concerns should be raised with the senior leadership team and will be taken seriously. Harrodian has a separate whistleblowing policy, which lists the procedures for raising concerns, which is available from the School admin team.

Where staff feel unable to raise a concern with our senior leadership team, or feel that their genuine safeguarding concerns are not being addressed, there are other options available to them, such as the NSPCC whistleblowing advice line. Staff can call: 0800 028 0285 from 8am-8pm or email: help@nspcc.org.uk.

11. Online safety and the use of smart devices

This section summarises Harrodian's whole school approach to online safety and the use of smart devices (e.g. mobile phones, smart watches, tablets etc). Our detailed approach is covered in our *Online Safety* policy. Harrodian understands the significant and essential role that we have in making sure children are protected from potentially harmful and inappropriate online material. We consider online safety in every aspect of school life.

Our aim is to

- have in place processes about online safety that protect our children and staff, including how we identify, intervene in, and escalate any online concerns where appropriate
- make sure technology is used responsibly and safely through education
- set clear expectations for the use of mobile phones and smart technology

We fulfil our aims by

- educating children to learn how to keep themselves safe when online (using the government's [Teaching online safety in schools](#) guidance), what to do if they are harmed or spot a risk and what the consequences are if they break the school rules about online safety
- engaging with parents and carers about what online safety looks like
- making sure our whole school approach is reflected in all relevant policies
- regularly training staff on online safeguarding risks and how to be online safely
- making sure children, staff, parents/carers, safeguarding governors and volunteers sign an understandable acceptable use agreement, which covers how they should use the School's IT systems and their mobile and smart technology

- making parents, carers, pupils and staff aware that staff can search an electronic device they have confiscated, as explained in [Searching, Screening and Confiscation - GOV.UK](#)

In addition, see our filtering and monitoring section below.

Due to the constant changes to online technology and the related harms, we will carry out an annual review of our online safety policies, procedures, and systems.

The 4Cs

Being online can be a great source of fun, entertainment, communication, and education. Some people's online behaviour places others at risk. The number of issues covered under online safety is large and constantly growing. They are categorised into these four areas of risk:

Content: being exposed to illegal, inappropriate, or harmful content, for example: pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism.

Contact: being subjected to harmful online interaction with other users, for example peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.

Conduct: online behaviour that increases the likelihood of, or causes, harm, for example making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images and online bullying).

Commerce: risks such as online gambling, inappropriate advertising, phishing and/or financial scams. If pupils or members of staff report any issues, we will report it to the Anti-Phishing Working Group (<https://apwg.org/>).

Mobile phones and smart technology

We know that, because many children have unlimited and unrestricted access to the internet via mobile phone networks, some children, while at school or college, can harm others or be harmed by others online. This includes sexually harassing, bullying, and sharing indecent images (often via large chat groups).

Media recordings, audio, image, and video (including digital files)

When we make media recordings of pupils, such as taking videos or photos, we will get the child's and their parents'/carers' consent, make sure the pupil is appropriately dressed and encourage the child to tell us if they are worried about any media that has been taken of them. See our *Staff Code of Conduct* and *Online Safety* policies, which cover our School's expectations for staff making media recordings.

Filtering and monitoring

To limit children's exposure to these categories of risk from Harrodian's IT systems, we have a strong and effective filtering system which is constantly operating and is managed by the School's firewall – Sonicwall and overseen by the School's IT manager Kris Kreis. Kris Kreis also carries out some monitoring of the websites that pupils can access. The School does not currently have a monitoring tool in place.

We will make sure that

- specific staff have assigned roles and responsibilities to manage systems
- staff know about the filtering and monitoring systems in place and how to escalate concerns. Staff know that they have a role to play in monitoring the sites that pupils access in school. If they have concerns they know that they should alert James Gledhill, online designated safeguarding lead.
- there are annual reviews of the systems, or more frequently if there is a significant change or issue
- our safeguarding governors review the systems with the DSLs and IT manager to find out what more can be done to keep children safe
- the systems are effective for the age range of children and consider children potentially at greater risk of harm
- when we block online content, it does not impact on teaching and learning
- filtering works across all devices including mobile phones and smart technology

Remote education

When our children are being taught remotely e.g. at home, we will be in regular contact with parents and carers. We will make sure parents and carers are aware of

- what their child/ren are being asked to do online, including the sites they will be accessing and who from the school will interact with their child/ren
- the importance of children being safe online and offer advice on how to do so
- what systems our school uses to filter and monitor online use

Information security and access systems

We have procedures in place to protect our IT systems, staff and learners from cybercrime, i.e. when criminals seek to exploit human or security vulnerabilities online to steal passwords, data or money directly. We will follow the government's [Cyber security standards guidance](#). Our procedures and systems are reviewed regularly to keep up with the constant changes to cyber-crime technologies.

12. Children potentially at greater risk of harm

At Harrodian we know that all children need to be protected from harm. In addition, we recognise that some groups of children are potentially at greater risk of harm. The information below highlights some of those groups of children this applies to; however there are several other groups not listed.

Children who have a social worker

Children may need a social worker due to safeguarding or welfare needs. Children may need help due to abuse and/or neglect and/or complex family circumstances. Harrodian recognises that a child's difficult experiences and trauma can leave them vulnerable to further harm, as well as disadvantage them educationally.

Children's services share with us which pupils have a social worker. Once we are aware of this information, we will use it to make decisions in the child's best interest, i.e. their safety, welfare, and educational outcomes. When a child has a social worker, safeguarding is at the heart of every decision we make, such as how we react to unauthorised absence or children missing education, which themselves carry additional risks. When necessary, we offer extra in-school support to our pupils who have a social worker.

The Virtual School is a statutory service that exists to provide advice and support for children who have a social worker, children placed in care and previously looked after, such that they have the opportunity to meet their full educational potential. Where needed, our School works with the Virtual School to support these children.

Children looked after and previously looked after

These children are particularly vulnerable. The most common reasons for children becoming looked after is as a result of abuse and/or neglect. Harrodian will ensure that staff have the necessary skills and knowledge to keep children looked after, and previously looked after, safe. All staff will have the skills and knowledge to keep these children safe. Appropriate staff will have the information they need in relation to a looked-after child's legal status. For example, who has parental responsibility, who is not permitted to have contact and who is not permitted to know where the child is being educated, and the level of decision-making power the local authority has given the carer. The designated teacher for children looked after is Alison Heller. The Safeguarding Governors for children looked after are Heather Locke and Rachael Snaith.

The statutory guidance [Designated teacher for looked-after and previously looked after children](#) contains further information on the role and responsibilities of the designated teacher. The designated teacher ensures that the School has the up-to-date details of the allocated social worker and the Virtual School headteacher in the local authority that looks after the child. The

Virtual School has an additional role of managing extra funding which is used to support children looked after. The designated teacher will work with the Virtual School Head to discuss how the funding can be used to best support the child.

Children with special educational needs, disabilities, and health issues

Our Special Educational Needs Co-ordinator and DSL work closely together to safeguard and support pupils who have special educational needs and disabilities (SEND), in particular when there are any reports of abuse. Our safeguarding curriculum, i.e. the ways we teach pupils to keep themselves and others safe, is adapted to meet the needs of pupils with SEND.

Harrodian is aware that children with SEND or certain medical or physical health conditions can face additional safeguarding challenges both online and offline, such as

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration
- these children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children
- the potential for children with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs, and the communication barriers and difficulties in managing or reporting these challenges
- cognitive understanding – being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in schools or colleges, or the consequences of doing so.

13. Identified areas of particular risk for our school

Harrodian seeks to find out any particular areas of risk both within the school grounds and buildings and the local area. There are a number of areas of particular risk that the School mitigates, monitors or is challenging others to manage. These include areas where gangs or anti-social behaviour are prevalent, the traffic on Lonsdale Road, particularly at drop off and pick up, accessing sport off-site and building work. In addition, Harrodian makes our neighbourhood police aware of any information or concern we receive about the local area via our school safety officer.

14. Lettings and off-site arrangements

When services or activities are provided by and under the direct supervision or management of our school staff, the safeguarding procedures listed in this policy will apply. This may not be the

case when we use extra-curricular activities providers. In this situation, we will make sure there are arrangements in place to keep children safe, regardless of whether they are pupils at our School.

To make sure the provider has the appropriate safeguarding arrangements in place, we will follow the government's [Keeping children safe during community activities, after-school clubs and tuition](#) non-statutory guidance. This includes checking that they complete the essential pre-employment checks on their staff and that their staff are suitable to be around children. Where appropriate, we will seek assurance and check their safeguarding policies and procedures, as well as establish what the arrangements are for the provider to liaise with our School on safeguarding matters. We will terminate our agreement with the provider if they do not follow the safeguarding requirements listed in the agreement.

Extended school and off-site arrangements

Where extended school activities are provided by and managed by the School, our own safeguarding and child protection policy and procedures apply. When our pupils attend off-site activities, we will ensure that effective child protection arrangements, informed by thorough risk assessments, are in place.

When our pupils attend an alternative provision provider, we will obtain written confirmation that appropriate safeguarding checks have been carried out on individuals working at the establishment, i.e. those checks that we would otherwise perform on our own staff. We follow the [statutory guidance for alternative provision](#) and [Achieving for Children's alternative provision policy](#).

Where a parent/carer expresses their intention to educate their child at home (also known as elected home education), we will work together with the parent/carer and other professionals to ensure that this decision has been made in the best interests of the child. We recognise that this is particularly relevant for children who have SEND, are vulnerable, and/or have a social worker.

Although it is not possible to obtain criminality information from the DBS about adults who provide homestays abroad, we will liaise with partner schools abroad to establish a shared understanding of, and agreement to, the arrangements in place for the visit. We may consider it necessary to contact the relevant foreign embassy or High Commission of the country in question to discuss what checks may be possible in respect of those providing homestay outside of the UK. We will make parents aware of the agreed arrangements.

15. Training

Designated safeguarding leads

The designated safeguarding leads will attend regular training to prepare and assist them in leading the School's safeguarding response and approach. Additional training or research may be required as local or school specific safeguarding issues arise. Minimally, the designated safeguarding lead will

- attend the level 3 multi-agency local safeguarding partnership training within 12 weeks of starting this role and refresh this every two years
- stay up to date with safeguarding knowledge, resources and changes
- have a good understanding of, and form a good relationship with, the Kingston and Richmond safeguarding children partnership by attending the termly DSL forums, sharing the learning with staff as appropriate and making sure staff are aware of any safeguarding training on offer
- attend harmful sexual behaviour and Prevent awareness training
- receive and share safeguarding (including online safety) updates (for example, via email, e-bulletins, and staff meetings) with staff
- make sure staff have regularly updated safeguarding training, updating staff who miss training at the earliest opportunity
- gain an understanding of how the School's filtering and monitoring systems work and how they can be best used to keep children safe at school.

Safeguarding Governors

All safeguarding governors receive safeguarding and child protection training (including online safety) at induction, which prepares them for testing and challenging the School's procedures and policies, making sure they are working as they should. The training will be regularly updated.

Further:

- The safeguarding governors will make sure the designated safeguarding lead has the time and resources to attend training.
- The safeguarding governors will receive training about managing allegations against the Headmaster to assist them in the eventuality that an allegation is made.
- The safeguarding governors will make sure that online safety is a theme in all staff training.
- The safeguarding governors will make sure that staff attend safeguarding training at induction and regularly after that. The safeguarding governors will attend regular training and receive e-bulletins or equivalent to stay up to date with the latest statutory guidance.

The safeguarding governors will make sure at least one member of every recruitment panel has completed safer recruitment training within the last five years. Harrodian has a separate safer

recruitment policy, which explains what safeguarding checks are completed before employment to make sure those who work with children are suitable.

All staff

The safeguarding governors recognise the expertise that staff build up by managing safeguarding concerns on a daily basis and, as a result, have the opportunity to contribute to and shape staff training and this policy. All staff receive safeguarding and child protection training (including online safety) at induction. The training is regularly updated and reflects the whole school approach to keeping children safe. In addition, staff receive regular, at least annually, safeguarding updates (for example, via email and staff meetings) to provide them with what they need to keep children safe.

Our training ensures that staff

- can spot the signs of possible abuse and neglect
- know the School's safeguarding procedures and their role in carrying them out
- have awareness of and understand their role in the early help process and the process for making a referral to the local authority's children's services, including what may follow after a referral
- know what to do if a child tells them they are being harmed, including how to manage this information confidentially
- understand the reasons why children may not feel ready or know how to tell someone that they are being harmed
- receive Prevent training, which will prepare them for identifying children at risk of being drawn into terrorism and how to challenge extremist ideas
- understand what cyber security the School has in place to keep pupils and staff safe when online at School and how to report any issues
- understand what ineffective filtering and monitoring systems look like and how to report any concerns or issues
- know that children who identify as or are perceived to be LGBT can be targeted by other children

We make sure that staff members provided by other agencies and third parties, for example supply teachers and contracted staff (such as catering staff) are aware of this policy, our School's safeguarding procedures, and have received appropriate safeguarding training.

The Headmaster will receive training about managing allegations against staff to assist him in the eventuality that an allegation is made.

The designated teacher for children who are looked after (CLA)

We follow the [Role and responsibilities of the designated teacher](#)'s statutory government guidance. The designated teacher will have training to make sure they understand the needs of

children looked after/previously looked after and how they can best be supported to have the same opportunities as their peers. They will work closely with AfC's [Virtual School](#), accessing their training and forums to stay up to date.

16. Teaching and Learning

At Harrodian, we aim to prevent our pupils from coming to any harm. We recognise how important it is that we teach and role-model to pupils how to keep themselves and others safe. Our curriculum meets the needs of all pupils, such as pupils with SEND and pupils who have been abused. Safeguarding is included in all areas of teaching and learning, for example PSHE, SMSC, RSE and assemblies. If any disclosures result during these sessions, our staff are trained to deal with the situation and will report any concerns on MyConcern.

If specific safeguarding issues arise during the school year, the Head of PSHRE and our Head Designated Safeguarding Lead will make sure the curriculum is adapted to cover current issues.

17. Linked policies

This policy is one of a range of documents that set out what our responsibilities are and how we should carry them out. Other relevant documents include the below policies.

- Behaviour
- Anti-bullying
- Attendance and Registration
- Intimate Care
- Looked after Children
- Medical
- Online Safety
- Physical Intervention
- Relationships and Sexual Education
- Safer recruitment
- Visitor
- Whistleblowing and Low-Level Concern
- Staff code of conduct
- Health & safety risk assessments
- Attendance
- Curriculum (such as PSHE and RSE)

Approved by:	Senior Leadership Team
Review cycle:	Annual
Last reviewed:	September 2023
Date of next review:	September 2024

Appendix 1: Types of abuse and specific safeguarding concerns

These appendices are based on the Department for Education's KCSiE guidance.

Abuse is where somebody fails to prevent harm (neglect) or causes harm (abuse). We are aware that abuse, neglect, and safeguarding issues are rarely standalone events and cannot be covered by one definition or one label alone. In most cases, multiple issues will overlap. Our staff will be aware that technology is a significant part of many safeguarding issues.

Physical abuse is a form of abuse that may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve:

- communicating to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- seeing or hearing the ill-treatment of another, such as in situations of domestic abuse
- serious bullying (including online bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to

- provide adequate food, clothing, and shelter (including exclusion from home or abandonment)
- protect a child from physical and emotional harm or danger
- ensure adequate supervision (including the use of inadequate care-givers)
- ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs

We use the following guidance to help identify and address cases of neglect.

[Handling Cases of Affluent Neglect in Schools](#)

[Local partnership guidance](#)

Indicators of abuse

The following list, provided by the [NSPCC](#), covers some common indicators of abuse and neglect.

- unexplained changes in behaviour or personality
- becoming withdrawn
- seeming anxious
- becoming uncharacteristically aggressive
- lacks social skills and has few friends, if any
- poor bond or relationship with a parent
- knowledge of adult issues inappropriate for their age
- running away or going missing
- always choosing to wear clothes which cover their body
- patterns of repeated lateness or absence

It is important that staff report all of their concerns, however minor or insignificant they may think they are – they do not need 'absolute proof' that the child is at risk.

Specific safeguarding concerns

This section is based on Annex B of Keeping Children Safe in Education 2023. Annex B includes further information about other safeguarding issues to be aware of. **All concerns under this section should be addressed in line with the [section 6](#) of this document, unless stated otherwise.**

Children absent from education

All staff will be aware that children being absent (or missing) from education for prolonged periods and/or on repeat occasions can act as a vital warning sign to a range of safeguarding issues including neglect, child sexual and child criminal exploitation - particularly county lines. Further, it may also indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation, so called 'honour'-based abuse or risk of forced marriage. We are also aware that absence can increase any existing safeguarding risks.

Attendance is closely monitored at Harrodian to support us in identifying abuse and acting early. Our staff will be aware of our School's unauthorised absence procedures and children missing education procedures. We notify children's services if a child who has a social worker is absent from school without a suitable explanation. We make sure we have more than one emergency contact number for each pupil, which supports the School's procedure for addressing children missing and absent from education. We work in partnership with Achieving for Children when patterns of absence give rise to concern, including notifying them when a pupil leaves our School without a new school being named.

Our attendance policy and procedures are set out in a separate document, which can be found on the school's website. The School follows the government's [Working together to improve school attendance](#) guidance.

[Local partnership guidance](#)

[Children Missing Education statutory government guidance](#)

Contextual safeguarding

Contextual safeguarding, also known as 'risk outside the home', is an approach to understanding, and responding to, young people's experiences of significant harm beyond their families. It recognises that the different relationships that young people form in their neighbourhoods, schools and online can feature violence and abuse. Parents and carers have little influence over these contexts, and young people's experiences of extra-familial abuse can undermine parent-child relationships.

Harrodian will maintain records of concerns about contextual safeguarding in accordance with our safeguarding procedures. We know the importance of information sharing, therefore if we identify contextual safeguarding concerns about the local area we will share this information with the contextual safeguarding team for Achieving for Children, contextualsafeguarding.exploitation@achievingforchildren.org.uk. If there is a specific concern about a child, we will consult with the relevant children's services.

[Tackling Child Exploitation multi-agency Practice Principles](#)

Child sexual exploitation (CSE) and child criminal exploitation (CCE)

We know that different forms of harm often overlap, and that perpetrators may subject children and young people to multiple forms of abuse, such as criminal exploitation (including county lines) and sexual exploitation. In some cases the exploitation or abuse will be in exchange for something the victim needs or wants (for example, money, gifts, or affection), and/or will be to the financial benefit or other advantage, such as increased status, of the perpetrator or facilitator.

Both can occur online. Children can be exploited by adult males or females, as individuals or in groups. They may also be exploited by other children, who themselves may be experiencing exploitation – where this is the case, it is important that the child perpetrator is also recognised as a victim. Our staff will be aware of a range of factors that could make a child more vulnerable to exploitation. We will provide additional support to children who have been exploited to help keep them in education.

Some of the following can be indicators of both child criminal and sexual exploitation where children

- appear with unexplained gifts, money or new possessions
- associate with other children involved in exploitation
- suffer from changes in emotional well-being
- misuse alcohol and other drugs
- go missing for periods of time or regularly come home late, and
- regularly miss school or education or do not take part in education.

Child sexual exploitation (CSE)

CSE is a form of child sexual abuse which can affect any child. Sexual abuse may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse, including via the internet.

CSE can occur over time or be a one-off occurrence and may happen without the child's immediate knowledge, for example through others sharing videos or images of them on social media. CSE can affect any child who has been coerced into engaging in sexual activities. This includes 16- and

17-year-olds who can legally consent to have sex. Some children may not realise they are being exploited, for example believing they are in a genuine romantic relationship.

CSE can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Some additional specific indicators that may be present in CSE are children who

- have older boyfriends or girlfriends
- suffer from sexually transmitted infections, display sexual behaviours beyond expected sexual development or
- become pregnant

Harrodian follows the London Child Protection Procedures regarding [sexual exploitation](#).

Further information on signs of a child's involvement in sexual exploitation is available in the Home Office's [Child sexual exploitation: definition and guide for practitioners](#).

Child criminal exploitation (CCE)

At Harrodian, we recognise children involved in CCE are victims, despite their engagement in crime. A child may still have been criminally exploited even if the activity appears to be consensual. Staff will be aware that girls are at risk of criminal exploitation too, and that both boys and girls who are being criminally exploited may be at higher risk of sexual exploitation.

Children can become trapped by this type of exploitation, as perpetrators can threaten victims (and their families) with violence or entrap and coerce them into debt. They may be coerced into carrying weapons such as knives or begin to carry a knife for a sense of protection from harm from others.

CCE can include children being forced and/or manipulated

- to work in cannabis factories
- into moving drugs or money across the country (county lines)
- to shoplift or pickpocket
- to threaten serious violence to others
- into committing vehicle crime

Serious violence

Staff at Harrodian will be aware of the indicators, which may signal children who are at risk from, or are involved with, serious violent crime.

These may include

- increased absence from school
- a change in friendships or relationships with older individuals or groups

- a significant decline in performance
- signs of self-harm or a significant change in wellbeing
- signs of assault or unexplained injuries
- unexplained gifts or new possessions (could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation)

All staff are aware of the range of risk factors increasing the likelihood of involvement in serious violence, such as

- being male
- having been frequently absent or permanently excluded from school
- having experienced child maltreatment
- having been involved in offending, such as theft or robbery

Useful links:

[Preventing youth violence and gang involvement government guidance](#)

[Criminal exploitation of children and vulnerable adults: county lines government guidance](#)

School-related weapons incidents

Harrodian follows the AfC School Related Weapons or Potential Weapons Incidents

Protocol. We will inform children's services and the police of any incident involving a weapon or potential weapon. Our teachers have the legal power to search pupils without consent for a number of 'prohibited items', including weapons covered in the government's [Searching, screening and confiscation](#) guidance.

Harrodian recognises that children and young people involved in school-related weapons incidents, including the person displaying the behaviour, are vulnerable. Harrodian will provide support, protection and education to develop a full understanding of the implications of carrying, and/or using, weapons.

Children who run away or go missing from home or care

Harrodian recognises that children who run away, go missing or are absent from their normal residence are potentially vulnerable to abuse, exploitation, offending and placing themselves in situations where they may suffer physical harm. The statutory guidance [Children Who Run Away or go Missing from Home or Care](#) requires that every child or young person who runs away or goes missing must be offered a return home interview (RHI) within 72 hours of their return.

When necessary and in conjunction with Achieving for Children or other relevant local authority, Harrodian will facilitate RHIs, both in terms of releasing the young person from their normal timetable to participate in an interview and in providing an appropriate and safe space on the

School site for the interview to take place. We will follow the Kingston and Richmond Safeguarding Children Partnership's [Missing children](#) procedure when required.

Mental health

With mental health problems, a child might find the ways they are frequently thinking, feeling, or reacting, becoming difficult, or even impossible, to cope with. Mental health problems affect around 1 in 6 children. Harrodian recognises that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff will be trained to recognise the signs of a child who may be experiencing a mental health problem. Harrodian aims to promote positive mental health for all staff and pupils. To do so, we take into account the government's [Mental health and behaviour in schools guidance](#).

Our mental health lead is: Anastasie Vedrenne-Suffolk

Useful links:

[Local partnership guidance](#)

[Mind](#)

[NSPCC: Child mental health](#)

Domestic abuse

Domestic abuse can include a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial, or emotional, and includes coercive or controlling behaviour. It can take place inside and outside the home. The [Domestic Abuse Act 2021](#) states that children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse).

These experiences can have a serious and long-term impact on a child's health, well-being, development, and ability to learn. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. The Act states that domestic abuse occurs between at least two people over the age of 16. Therefore, legally, some older children can also commit domestic abuse either in their own intimate relationships or against their parents/carers.

Useful link:

[Local partnership guidance](#)

Homelessness

Harrodian recognises that being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The DSLs are aware of contact details and referral routes into the Local Housing Authority so they can raise/progress concerns at the earliest opportunity.

Indicators that a family may be at risk of homelessness include: household debt, including new poverty induced by the pandemic; rent arrears; domestic abuse and antisocial behaviour; and/or the family being asked to leave a property. If a child has been harmed or is at risk of harm, a referral to children's social care will be made.

Child-on-child abuse

We recognise that children can abuse other children, often referred to as child-on-child abuse. It can happen inside and outside school and online. This can include, but is not limited to

- bullying (including online bullying, prejudice-based and discriminatory bullying)
- abuse between children in an intimate relationship
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (including when a child encourages or threatens physical abuse online)
- sexual violence, such as rape and sexual assault (including when a child encourages or threatens this online)
- sexual harassment, such as sexual comments, jokes, and online sexual harassment
- consensual and non-consensual sharing of nude and semi-nude images and/or videos
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- upskirting and
- initiation/hazing type violence and rituals

Older pupils may use any of these types of child-on-child abuse to 'recruit' younger pupils into gangs, especially in areas where gangs are prevalent. Young people experiencing child sexual exploitation first hand may be forced to recruit other young people using types of child-on-child abuse. We are aware that boys are more likely to carry out child-on-child abuse and girls are more likely to be impacted by it, but all child-on-child abuse is unacceptable and will be taken seriously.

Harrodian does not tolerate child-on-child abuse. We know that even when there are no reported cases of child-on-child abuse, it could still be happening but yet to be reported. We do not downplay child-on-child abuse, especially sexual violence and sexual harassment, as "banter", "just having a laugh", "part of growing up" or "boys being boys". For pupils to feel safe at our School, we make sure they know child-on-child abuse is not acceptable behaviour and how to report it to a trusted adult if they are experiencing or witnessing it.

It is our duty to minimise the risk of child-on-child abuse. We do this in the following ways:

- Our staff read this policy.
- Our staff are trained to spot the signs that a child is, or may be experiencing, child-on-child abuse and how to report it. They maintain an attitude that 'it could happen here'.

- Our staff challenge any inappropriate behaviour between children, including the use of derogatory language.
- The behaviour policy, which includes our whole school response to abuse, makes sure everyone knows how to behave and how to respond consistently when pupils show unacceptable or abusive behaviour.
- In all areas of school life, such as lessons, assemblies and in the playground, we teach pupils how to act and to treat other people, including when they are online.
- We have effective systems in place for pupils to report child-on-child incidents.

Child-on-child sexual violence and sexual harassment

Our school is aware of Ofsted's [Review of sexual abuse in schools and colleges](#). The review was carried out as a result of the large number of testimonies shared on the [Everyone's Invited](#) website, which highlighted the prevalence of sexual harassment and sexual violence.

We know that sexual violence and sexual harassment can happen between two children of any age or sex, from a group of children to a single child or group of children, online and face to face. It is more likely that girls will be impacted by sexual violence and more likely that sexual harassment will be instigated by boys. Sexual violence and sexual harassment exist on a continuum and may overlap. They are never acceptable, and we will not tolerate them. National and local research has made us aware of the prevalence and normalisation of harassment and abuse in school-aged children. No reports does not mean it is not happening here at Harrodian.

Alongside girls, these groups are at higher risk of sexual violence and sexual harassment:

- children with SEND
- pupils who are LGBT or who are perceived to be LGBT by their peers

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, negatively affect their educational attainment and be worsened if the alleged perpetrator(s) attends the same school. If a child reports an incident, they will be reassured that they have done the right thing by telling a trusted adult, will be taken seriously, supported, and kept safe. We will further reassure those affected that the law is there to protect them, not criminalise them.

We are aware that when a child reports sexual violence or harassment, this may only be the start of a larger disclosure that could transpire over time. When there are reports, we will always consider the effectiveness of our policies and procedures and whether any changes are necessary to reduce the risk of it happening again. This will be in line with the School maintaining a culture of safeguarding.

Harrodian follows Part 5 of KCSiE when considering our response to sexual violence and sexual harassment. These are mainly captured in the child-on-child abuse section of this policy.

Harmful sexual behaviours (HSB)

Children's sexual behaviours exist on a continuum. HSB refers to problematic, abusive, and violent sexual behaviours that are developmentally inappropriate and may cause developmental damage. HSB can occur online or face-to-face. We will always consider HSB in a child protection context. Harrodian recognises that pupils displaying harmful sexual behaviours have often experienced their own abuse and trauma and they will be offered appropriate support.

When considering HSB, we will take into account the ages and the stages of development of the children. Sexual behaviour between children can be considered harmful if one of the children is much older, particularly if there is more than two years' difference in age, or if one of the children is pre-pubescent and the other is not. However, a younger child can abuse an older child, particularly if they have power over them, for example, if the older child is disabled or smaller in stature.

Our DSLs

- have a good understanding of HSB
- assist in planning the curriculum aimed at preventing HSB
- ensure staff spot and report inappropriate behaviour to prevent an escalation
- incorporate our approach to sexual violence and sexual harassment into the whole school approach to safeguarding

Harrodian's curriculum addresses these issues via the following topics according to the age and stage of development of our pupils:

- healthy and respectful relationships
- what respectful behaviour looks like
- gender roles, stereotyping, equality
- body confidence and self-esteem
- consent

Useful links:

[Local partnership guidance](#)

[NSPCC Harmful Sexual Behaviours](#)

[Stop it Now](#)

Upskirting

Harrodian will ensure that all staff and pupils are aware that 'upskirting' is a criminal offence and will not be tolerated. The [Criminal Prosecution Service \(CPS\)](#) defines 'upskirting' as: "a colloquial

term referring to the action of placing equipment such as a camera or mobile phone beneath a person's clothing to take a voyeuristic photograph without their permission".

Harrodian will decide each incident on a case-by-case basis, with the appropriate DSL taking a leading role and using their professional judgement, supported by other agencies, such as children's social care and the police, as required.

Sharing nudes and semi-nudes

This is defined as the sending or posting of nude or semi-nude images, videos or live streams online by young people under the age of 18 ([UKCIS, 2020](#)). Alternative terms used by children and young people may include 'dick pics' or 'pics'. It is a form of child sexual abuse. All incidents will be dealt with as safeguarding concerns. The primary concern at all times will be the welfare and protection of the children involved. While sharing nudes and semi-nudes of them or their peers breaks the law, we know it is important to avoid criminalising young people unnecessarily.

So-called 'honour'-based abuse, including FGM and forced marriage

So-called 'honour'-based abuse (HBA) means incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage and practices such as breast ironing. We are aware this abuse often involves a wider network of family or community pressure and can include multiple perpetrators. Therefore, we will consult with children's services before taking any form of action to reduce the dynamic and additional risk factors that might be present as a result.

Female genital mutilation (FGM)

Female genital mutilation (FGM) means all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences. The DSLs will make sure that staff have appropriate training to prepare them for spotting signs that a child has been affected by FGM or is at risk of FGM.

[Section 6](#) of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Signs that FGM might happen:

- A relative or someone known as a 'cutter' visiting from abroad.
- A special occasion or ceremony takes place where a girl 'becomes a woman' or is 'prepared for marriage'.
- A female relative, like a mother, sister or aunt has undergone FGM.

- A family arranges a long holiday overseas or visits a family abroad during the summer holidays.
- A girl has an unexpected or long absence from school.
- A girl struggles to keep up in school.
- A girl runs away – or plans to run away - from home ([NSPCC](#))

Signs FGM might have taken place:

- having difficulty walking, standing or sitting
- spending longer in the bathroom or toilet
- appearing quiet, anxious or depressed
- acting differently after an absence from school or college
- reluctance to go to the doctors or have routine medical examinations
- asking for help – though they might not be explicit about the problem because they're scared or embarrassed ([NSPCC](#))

Useful information:

[Female Genital Mutilation Statutory Guidance](#)

[Local partnership guidance](#)

Forced marriage

A forced marriage is non-consensual. Either person could be forced/pressured in several ways, including physically, psychologically, financially, sexually, and emotionally. It is a criminal offence in England and Wales.

An arranged marriage is different. The families of both spouses take a leading role in arranging the marriage, but the choice of whether or not to accept the arrangement remains with those who are considered for marriage.

We are aware that the legal age for marriage in the UK has risen to 18, regardless of parental consent. The DSLs will follow the local safeguarding procedure and, if necessary, seek advice from the Forced Marriage Unit on 020 7008 0151 if a concern comes to their attention.

Useful information:

[Freedom charity](#)

[Handling cases of forced marriage guidance](#)

[National FGM Centre](#)

Modern slavery

Modern slavery is a crime whereby a person uses another person, by means of deception or coercion, as a possession for the purposes of exploitation. We are aware modern slavery exists in the UK and that some victims are children.

Common places modern slavery occurs includes

- the sex industry, including brothels
- retail: nail bars, hand car washes
- factories: food packing
- hospitality: fast-food outlets
- agriculture: fruit picking
- domestic labour: cooking, cleaning and childminding

Victims can be forced into criminal activities such as cannabis production, theft or begging.

The DSL will seek advice and support from children's services who may in turn make a referral to the National Crime Agency via the National Referral Mechanism (NRM). Further advice can be provided directly by the modern slavery helpline on 0800 012 1700.

Useful information:

[Modern slavery: how to identify and support victims](#)

Private fostering

A private fostering arrangement is when someone other than a parent or a close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. Close relatives are defined as step parents, grandparents, brothers, sisters, uncles or aunts. It applies to children under the age of 16, or under 18 if the child is disabled.

Harrodian is aware that, by law, a parent or other persons involved in making a private fostering arrangement must notify children's services as soon as possible. We have a duty to inform children's services of this arrangement if they have not been notified, but we will encourage parents and private foster carers to do so in the first instance.

Useful links:

[Looking after someone else's child](#)

[Local partnership guidance](#)

Preventing radicalisation and extremism

We take seriously our [statutory duty](#) to protect children from being drawn into terrorism and extremism. While some children are more susceptible, any child can be radicalised.

Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups. It can occur over a period of time or quickly.

Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs. This includes calling for the death of members of the armed forces.

Terrorism is an action that:

- endangers or causes serious violence to a person/people
- causes serious damage to property, or
- seriously interferes or disrupts an electronic system.

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

To prevent children from being drawn into radicalisation, we make sure that:

- Our filtering system will prevent and protect children from accessing extremist material.
- Pupils are taught about British Values and staying safe online via the curriculum.
- Children are provided with a safe space to discuss controversial issues and the skills they need to challenge extremist views.
- Staff are trained to spot the indicators of radicalisation and extremism and how to report concerns as soon as possible.
- Our DSLs attend Prevent awareness training and are aware of the latest guidance.
- We assess the risk of the children in our school being drawn into terrorism, working with the local partnership.

The [Educate against hate](#) government website lists signs that could indicate that a child is being radicalised:

- becoming increasingly argumentative
- refusing to listen to different points of view
- unwilling to engage with children who are different
- becoming abusive to children who are different
- embracing conspiracy theories
- feeling persecuted
- changing friends and appearance
- distancing themselves from old friends
- no longer doing things they used to enjoy
- converting to a new religion

- being secretive and reluctant to discuss their whereabouts
- changing online identity
- having more than one online identity
- spending a lot of time online or on the phone
- accessing extremist online content
- joining or trying to join an extremist organisation

If you have concerns that a pupil may be at risk of radicalisation or involvement in terrorism, go to [section 6](#).

Useful links:

[Local partnership guidance](#)

[Protecting children from radicalisation: the prevent duty](#)

Child abuse linked to faith or belief

This type of abuse can happen anywhere across any community and/or religion. There are a variety of definitions associated with abuse linked to faith or belief. It can include, but is not limited to, the concept of belief in

- witchcraft and spirit possession, demons or the devil acting through children or leading them astray (traditionally seen in some Christian beliefs)
- the evil eye or djinns (traditionally known in some Islamic faith contexts) and dakini (in the Hindu context)
- ritual or multi-murders where the killing of children is believed to bring supernatural benefits, or the use of their body parts is believed to produce potent magical remedies
- use or belief in magic or witchcraft to create fear in children to make them more compliant when they are being trafficked for domestic slavery or sexual exploitation

If you suspect a case of child abuse linked to faith or belief, follow the safeguarding procedures in this policy. In addition, the Metropolitan Police's Project Violet team can be contacted on the non emergency, 24/7 number: 101.

Useful links:

[Metropolitan Police advice](#)

[Short Youtube introduction video](#)

Fabricated or induced illnesses

Staff at Harrodian are alert to the issues surrounding fabricated or induced illnesses.

Fabricated or induced illness (FII) is a rare form of child abuse. It happens when a parent or carer, usually the child's biological mother, exaggerates or deliberately causes symptoms of illness in the child. Our nursing team are aware of the need to ensure that reported medical needs are evidenced by medical professionals.

Useful link:

[The Royal College of Paediatrics and Child Health \(RCPCH\) guidance](#)

Appendix 2: Allegations against staff and low-level concerns procedure

Harroddian has a whole school approach to safeguarding and we promote an open and transparent culture in which all concerns about all adults working in or on behalf of the school (including supply teachers, volunteers, and contractors) are dealt with promptly and appropriately. Despite all efforts to recruit safely, there may be occasions when allegations of abuse against children are reported to have been committed by staff, supply staff, practitioners and/or volunteers, who work with pupils in our School.

An allegation is any information which indicates that a member of staff, supply staff or volunteer may have:

- behaved in a way that has, or may have, harmed a child
- possibly committed a criminal offence against or related to a child
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children
- behaved or may have behaved in a way that indicates they may not be suitable to work with children

This applies to any child that the member of staff, supply staff or volunteer has contact with in their personal, professional or community life, as if they had child protection concerns raised for their own children.

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook, school's code of conduct the 'Guidance for safer working practice for adults who work with children and young people in education settings'.

[Guidance for safer working practice for those working with children and young people in education settings February 2022](#)

Guidance about conduct and safe practice, including safe use of mobile phones by staff, will also be given at induction. All staff should be aware of Harrodian's behaviour policy. All school staff should take care not to place themselves in a vulnerable position with a pupil. It is always advisable for interviews or work with individual pupils or parents to be conducted in view of other adults.

We understand that a pupil may make an allegation against a member of staff or staff may have concerns about another staff member. If such an allegation is made, or information is received which suggests that a person may be unsuitable to work with children, the member of staff receiving the allegation or being aware of the information, will immediately inform the Headmaster and the Head Designated Safeguarding Lead.

On all such occasions, the Headmaster or the Head DSL will discuss the content of the allegation with the local authority designated officer (LADO) within 24 hours and before taking any further action.

If the allegation made to a member of staff concerns the Headmaster, the person receiving the allegation will immediately inform the Safeguarding Governors Heather Locke and Rachael Snaith who will consult the LADO as above, without notifying the Headmaster first. Contact details for the Safeguarding Governors can be found in section 3 of this policy.

Reporting to the LADO applies even where the nature of the alleged assault would not normally meet the threshold if applied to children in their own families. For example, a report of a child being smacked by a parent, with no injury caused, would be unlikely to require any response by police or Children's Social Care. However, a similar report of a child being smacked by a teacher should be responded to because of:

- the vulnerability of children away from home
- the higher standards of conduct demanded by law and regulation of those caring for other people's children
- the position of trust enjoyed by such people

Harrodian will follow the London child protection procedures for managing allegations against staff [London child protection procedures: allegations](#) and procedures set out in [Keeping Children Safe in Education 2022](#).

Suspension of the member of staff, against whom an allegation has been made, needs careful consideration, and the Headmaster will seek the advice of the LADO and an HR consultant in making this decision. All options to avoid suspension will be considered. In the event of an allegation against the Headmaster the decision to suspend will be made by the safeguarding governors in consultation with the LADO and HR.

If the allegation is regarding supply staff, the School will ensure that allegations are dealt with properly. In no circumstances will the School cease to use a supply teacher due to safeguarding concerns without finding out the facts and liaising with the local authority designated officer (LADO) to determine a suitable outcome. The School will discuss with the agency whether it is appropriate to suspend the supply worker, or redeploy them to another part of the School, while they carry out their investigation.

If an allegation pertains to another adult not employed directly by the School, for example catering staff, cleaning staff, peripatetic teachers, sports coaches or a former member of staff, the School will work directly with the employing agency and the LADO as described above.

We will ensure that all external agencies used are provided with details of the School's process for managing information. We have a procedure for managing the suspension of a contract for a community user in the event of an allegation arising in that context.

Staff, parents, and safeguarding governors are reminded that publication of material that may lead to the identification of a teacher who is the subject of an allegation is prohibited by law. Publication includes verbal conversations or writing including content placed on social media sites.

There are procedures in place to make a referral to the Disclosure and Barring Service (DBS) if a person in a regulated activity has been dismissed or removed due to safeguarding concerns, or would have been had they not resigned. If a teacher is dismissed due to serious misconduct, or might have been dismissed had they not left first, consideration will be given as to whether to refer the case to the Secretary of State via the Teaching Regulation Agency.

Low-level concerns

The term 'low-level' concern does not mean that it is insignificant, it means that the behaviour towards a child does not meet the threshold set out above. A low-level concern is any concern – no

matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' – that an adult working in or on behalf of the School may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside work
- does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the LADO.

Examples of such behaviour could include, but are not limited to:

- being over friendly with children
- having favourites
- taking photographs of children on personal mobile phone
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- using inappropriate sexualised, intimidating, or offensive language.

Such behaviour can exist on a wide spectrum, from the inadvertent or thoughtless, or behaviour that may look to be inappropriate, but might not be in specific circumstances, through to that which is ultimately intended to enable abuse.

The culture of our School is such that staff are encouraged to pass on low level concerns to the Head Designated Safeguarding Lead or the Headmaster. These concerns will be recorded and dealt with appropriately. Ensuring they are dealt with effectively will also protect those working in or on behalf of the school from potential false allegations or misunderstandings.
